REINFORCEMENT OF FRENCH TROOPS

Endeavoring to Retake Advanced Positions Along The Line

BOTH LOSE HEAVILY

Ineffectual Attempts of Germans to Break Through British Lines—Kaiser Suffers Loss.

Paris, Feb. 9.—French troops, heavily re-enforced, are today endeavoring to retake the advanced positions along the line of Bagatelle, in the Argonne region, which it was necessary to cede to the Germans yesterday following their assault in overwhelming numbers. The fighting continues without interruption, and it is stated that the losses on both sides have been heavy.

From the Argonne to the Aisne the artillery duels continue. It is reported that the Germans are again massing their forces along the section north and east of Soissons, and this is believed to indicate another impending assault by Von Kluck's forces at this point. From the Aisne north to La Bassee there have been heavy artillery exchanges in which, it is stated, the French gunners have had much the best of it.

Along La Bassee canal the Germans continue their efforts to break through the British lines without success. The enemy has suffered heavy losses here, as they have been forced to attack across low ground, over which the British quick-firers have had an uninterrupted sweep.

From the sea to Nieuport the artillery operations continue, but much o fthe ground is again flooded, making serious offensive operations impossible.

SECOND ATTACK ON PLANT.

Intruders Driven off by Volley From Guards; Factory Busy With Foreign Orders.

Bridgeport, Conn., Feb. 9.—The second attempt to burn or blow up the ammunition works of the Union Metallic Cartridge Company here, which is rushed day and night with foreign orders, was made by two men, it became known today. One scaled a high fence topped by barbwire and was fired upon by guards ebfore he escaped.

Though it has been expected that an attempt might at any time be made to burn the property, consternation prevailed among the many employes when they learned shots were necessary to repel this attack.

The guard had just been changed at midnight, when the intruders were discovered, it is said, by one of the sentries hired in New York. The men were on top of the high fence, about half a mile from the main buildings, which are brightly lighted. One was short and the other tall.

The guards warned the men away, but the short man dropped inside of the fence. He carried a large package as he advanced upon the guards, who again shouted threats to shoot. As he came directly for them, one is said to have opened fire with a rifle. The shots were required to make the invaders retreat and scale the fence.

Within half hour the same two men were reported as having again climbed the fence 500 yards from the place of first entrance. They were warned away.

The vigilance of guards has been doubled in the outlying acreage owned by the company, and high-powered lights will probably be installed about the four-mile radius of the proving grounds, in which are large powder storehouses, as well as the many buildings in which cartridges are manufactured.

U. D. C.

The regular monthly meeting of the 17th Virginia Regiment Chapter will be held in Lee Camp Hall tomorrow morning at ten thirty o'clock. If inclement weather, at 504 Duke street.

NEWS OF THE DAY

Notwithstanding a heavy downpour of rain Sunday, almost the entire population of Rome turned out at the call of the bells rung in the city's 400 churches to recite the Pope's prayer for the cessation of the war and the prompt establishment of peace among the belligerent nations. The greatest gathering was at St. Peter's, where 30,000 worshippers assembled. The ceremony was most impressive and most solemn. The complete absence of display and music lent to the function an air of simplicity, which seldom has been surpassed in the history of similar functions.

A dispatch from Berlin says the latest regulation of the Federal council permits municipalities to seize amounts of flour exceeding 25 milograms,which is in the possession o f individuals. While the regulation is not mandatory, it is expected, that the municipalities will take advantage or the authorization it conveys. Bread cards entitling the holder to a ration of wheat bread will be issued in Greater Berlin. The cards will be sent to heads of households in quantities corresponding to the number of persons in each family and the bread may be bought anywhere in the greater city upon presentation of a card.

The naval measures of Germany against British commerce are in no sense of a blockade according to a dispatch from Berlin. No hostile action against neutral shipping is contemplated. German submarines and warship will endeavor by every means in their power to avoid sinking American or other neutral ships, and will take every precaution to avoid a mistake. The above may be taken as the correct interpretation placed upon the German proclamation in competent circles in Berlin.

The Cologne Gazette, a copy of which has been received in Amsterdam, in an article dealing with Great Britain's plan to cut off food supplies from Germany, says: "Prisoners of war must starve first. We have 600,000 prisoners, and the parts of Belgium and France we occupy contain 11,000,000 people. If it comes to starving, the subjects of hostile countries will suffer first."

John S. Button, for 12 years cashier of the Southern Maryland National Bank of La Plata, Md., was found lying on the floor of his room yesterday morning by his wife with a bullet wound in his head. He had shot himself with a revolver and was unconscious. The wounded man's condition was so serious that a physician, hurriedly summoned, after administering local treatment, advised his removal to a Washington hospital, whither he arrived in the afternoon. Button's family and business associates are at a loss to account for his act. It is said that he has not been in the best of health, and is said to have told his wife that he had financial troubles. However, his accounts were pronounced in good condition by the bank officials.

It is admitted in Germany that the Austro-Hungarian Banking syndicate has advanced to Bulgaria 150,000,000 francs ($30,000,000.)

Among the items given out yesterday by the Overseas News Agency in Berlin: "The Consstantinople daily newspaper, Tasfiri-Ekflar, asserts that a holy war has been declared in Afghanistan, and that the Beluchistan and East Persian tribes have joined it against British rule.

Twenty married women employed at the bureau of engraving and printing in Washington, as plate printers' assistants, have been given a furlough until July 1. Acting Director Ferguson said yesterday that the temporary discharge of the women was made necessary by a policy of retrenchment recently inaugurated. Mr. Ferguson added that so long as a cut in the force had to be made, he thought it more advisable to discontinue the services of those who had no families to support than to discharge girls who were trying to support themselves as well as their families.

COLLAPSE OF TEUTON DRIVE

Russian Operations West of Warsaw Said to Have Succeeded

GERMANS WITHDRAW

Movement of Muscovites to Expel Kaiser's Troops From Poland Is Now Imminent.

Petrograd, Feb. 9—The collapse of the German movement against Warsaw is believed to be imminent.

The Russian movement in east Prussia, originally designed to lift the presure on the Russian defensive positions west of Warsaw, has been completely successful.

The Germans are withdrawing their troops from the positions along the Vistula and in the Gumine-Borjimow regions and are hurrying them north into east Prussia to meet the Russian advance, which is being well maintained.

While the troops remaining are making a brave showing in an effort to simulate an offensive officials of the general staff declare that conditions are rapidly assuming such a character that the long delayed forward movement of the Russian army which must result in the expulsion of the Germans from Poland, can be begun.

The German morale has been greatly shattered by the complete failure of the German attacks to make any impression on the Rusian line. For weeks the German officers have been encouraging their men with stories that the Russians were demoralized and that their retreat was inevitable. Yet in a series of desperate assaults unparaleled for ferocity in any way the Germans not only were unable to make any headway, but were thrown back on their own lines, crushed.

From January 28 to February 6, the German attempt to drive a wedge through the Russian lines in the region of Borjimow was persisted in. Entire divisions were sent against the Russian trenches, only to be cut to pieces by the fire of the Czar's artillery. In one place nearly an entire regiment was destroyed when it attempted to charge over a mined field.

The Russians continue their advance in the lower Bzura region and all along the line in the Carpathians.

CARDINAL PRAISES KAISER

Amsterdam, Feb 9—The Cologne Church Gazette publishes a pastoral letter by Cardinal von Hartman, archbishop of Cologne, as follows:

"God has been with our heroic warriors in the west, in the east, on the sea, in the air. He has been with our German people, in whom the determination to hold and confidence in a victorious issue are glowing.

"The war is an extremely severe trial on all. Every one is courageously making the requisite sacrifice. Supreme confidence in God is being shown by all Germans.

"With God our warrior went into this war, which had been forced upon us, to fight for the existence and liberty of our beloved fatherland and to fight for the holy treasures of Christianity and its civilizing influences. Heroic deeds already have been accomplished under God's protection, and under the direction of our glorious leader, the emperor, and the German princes. We must look upon the war in the light of our faith."

END OF STRIKE NOT IN VIEW

Cleveland, Ohio, Feb. 9.—Settlement of the strike of 150,000 Eastern Ohio coal miners appeared farther away than ever when a conference between operators and mine workers adjourned last night. It is believed the conference presided over by Federal conciliators will end to-morrow, with no possibility of an agreement in sight.

Operators declared that the miners have flatly refused to agree to arbitration proposals involving the wage scale.

ENDOWMENT FOR CHURCH.

Old Edifice at Pohick Was Attended by Washington's Parents.

Pohick, the church in which George Washington was baptized and worshipped in his boyhood and during the latter years of his life, will shortly have an endowment. It is intended to raise the necessary fund by small donations from parishes in every section of the country. No large amounts will be expected from even the wealthiest congregations.

February 21, the eve of Washington's birthday, has been chosen for these offerings. Although Pohick belongs to the Episcopal diocese of Richmond, congregations of all denominations will aid in the endowment.

Washington's parents attended Pohick, and there all their children were baptized. During the Revolution and after the building became almost a ruin. Washington practically rebuilt it, and he worshipped there most of the time that he spent at Mount Vernon. Since the civil war the country people have found it impossible to keep the church, hence the decision of the Episcopalians to preserve it.

The last rector, the late Dr. Meade, ministered to the scattered congregation for years without a thought of recompense.

Members of the endowment committee, who have undertaken the rehabilitation of the church are: Chairman, the Rev. Dr. Samuel A. Wallis, of the Theological Seminary, Alexandria, Va.; Mrs. Elizabeth B. A. Rathbone, vice regent of Mount Vernon Association, Ann Arbor, Mich.; Harrison H. Dodge, Mount Vernon-on-Potomac, Va.; Rosewell Page, Richmond, Va.; Paul Kester, Alexandria, Va.; Colonel Robert E. Lee, Ravensworth, Va.; Miss Elizabeth M. Sharpe, Accotink, Va., and Mrs. Lewis Hertte, Gunston, Va.

IDENTIFY BODY.

Victim Proves to be Wade Hampton Kerrick—Foul Play Idea Abandoned.

Richmond, Feb. 9.—The body of the middle aged man who was taken out of the dock last week with stab wounds in the side and between the shoulders was identified yesterday as that of Wade Hampton Kerrick, 49 years old, formerly employed as section foreman for the Seaboard Air Line, Southern, and Richmond, Fredericksburg and Potomac Railways.

Kerrick was last seen a week later by one of his nephews, who saw him at a distance.

According to Detective Sergeant John Wiley, who investigated the case, the wounds, evidently made by a sharp knife, were not of a serious nature and probably had nothing to do with his death, the theory being that Kerrick accidentally stumbled into the dock.

The man was a widower and a native of Fauquier county, but had been a resident of Richmond for 30 years. He had two children, a son and a daughter, the latter of whom is now dead. The whereabouts of his son is not known.

RICHMOND WANTS SUNDAY

Ministers in Fight Over Invitation and Several May Quit Union.

Richmond. Va., Feb. 9—After a bitter fight lasting some hours, the Ministerial Union yesterday invited Billy Sunday to come here and conduct metings.

The meeting was secret and was marked by hot debates. It is expected that the action will result in several ministers resigning from the union.

The management begs to announce that the greatest comedian in the moving picture world today, Charlie Chaplain, will in the near future be featured in regular service at the Richmond.

MOVEMENT FOR EXTRA SESSION

If Assembly Extends it, Members Will Draw No Extra Pay.

WILL ASK GOVERNOR

Conferees Report on Tax Bill—Final Action Expected in Both Houses of Legislature Today.

(Special Dispatch to the Gazette.)

Richmond, Feb. 9.—The conference of the legislative branches have agreed upon tax intangibles to be made as a road tax, of ninety cents on each $100, to be divided sixty cents to state and thirty cents to the cities and counties.

It is understood that practically all of the leaders have agreed to support the report which comes up in the House this afternon. Its adoption is practically certain.

Richmond, Feb. 9—With the calendar crowded with important tax reform bills and with only two days of the extra session remaining there is a strong feeling in the Legislature particularly in the House, that it may be necessary to extend the session. There is division of opinion among parliamentarians how this would be done, whether the Legislature should extend the session or the Governor should do it.

If the session is extended by the Legislature itself the members must serve without pay. If the session is extended by the Governor his citation will be equivalent, some declare, to calling another extra session.

For another extra session the members attending will be paid. This seems to be the more popular plan.

Section 46 of the State Constitution provides that the Legislature, by a three-fifths vote, may extend its session thirty days. No member of the General Assembly is to be paid for attending an extra session after the extra session has consumed thirty days.

The present session of the Legislature comes to an end Thursday night. The Legislature has not passed a single one of the tax reform bills, though it is likely that the Senate amendment to the House segregation bill will soon be adjusted and agreed to.

But there will remain a number of other bills fixing the rates and providing the necessary laws for collecting the taxes under the segregation plan.

Members of the Conference Committee for three hours worked last night over the Segregation Tax bill. The recommendations of the committee will be acted upon by both branches of the Legislature today. The Conference Committee is composed of Senators Buchanan, Walker, Tavenner, Fletcher and Cannon and Delegates Aubrey G. Weaver, White, Williams, Pitts and Pennington.

Two of the five Senators and three of the five Delegates are favorable to the administration's Tax Segregation bill and unless unforseen technicalities arise they will correct the wording of the Tavenner amendment to the House bill, which was declared unconstitutional by the Attorney-General, and will report the bill in shape for final action at tomorrow's session.

The House passed today a resolution for the appointment of a commission of five to study and devise plans for the control of tuberculosis. The members are to be appointed by the Governor and serve without pay, but are allowed $250 expense money.

The House Committee on Special Private and Local Legislation reported favorably yesterday on the Torrens Land bill.

DACIA'S CREW QUITS SHIP.

Cotton Vessel Is Compelled To Remain At Norfolk.

Norfolk, Va., Feb. 9.—Because 16 members of her crew failed to sail with the ship, the A merican steamer Dacia, facing almost certain capture by British warships when she attempts to deliver her cargo of cotton at Rotterdam, was prevented from leaving this port yesterday.

Seven of the men complained of pains in their backs. They said they were stricken while enroute from Galveston. A doctor examined them and declared if the pain really existed it was nothing serious. The men insisted on being paid off. They told the United States shipping commissioner they did not want to sail with the Dacia. Captain McDonald was ordered to pay them their wages.

Nine other men gave various excuses for leaving the steamer. W. R. Carmichael, a firemen, was the only one in the lot who stated he did not want to go with the ship because he feared capture.

Capt. McDonald, the Dacia's master, said the men were suffering with a case of "cold feet." "They have ice in their boots," he declared.

He visited the office of several shipping agents and signed up a number of negroes to fill the places of the white men. He also stated that he would sign an entire negro crew if other members of the crew decided to quit.

SCHERER SUFFERS SETBACK

Kidneys and Stomach Affected—Doctors Bar Friends from Room

Richmond, Feb. 9—Luther L. Scherer, general claim agent of the Chesapeake and Ohio Railway, who was shot in the back some weeks ago by William Reynolds, a negro car robber, alias "Midnight Kid," who is now serving a life term in the penitentiary for the crime, has had a setback.

Yesterday at his home, 2717 Grove Avenue, it was stated that he spent a very restless night and was not feeling at all well, although the bullet wound has apparently healed completely.

Mr. Scherer is now suffering chiefly from a disorder of the kidneys, and also of the stomach, which makes it difficult for him to retain nourishment.

Believing that too much company perhaps had something to do with the setback his doctors issued an order that no callers should be received by the patient until his condition improves.

Mr. Scherer was shot near Covington, the negro firing upon him and several special agents of the company from a passing freight train.

There will be a special matinee.

WEST VIRGINIA'S SHARE OF DEBT

This State Will Contest the Report of Special Master

HEARING FEBRUARY 23

Supreme Court of United States Will Be Asked to Set Date for Hearing —Case in Court Eight Years.

Richmond, Feb. 9.—Counsel for the Commonwealth of Virginia have served notice that they will contest the report of Special Master Charles E. Littlefield, who was appointed by the Supreme Court of the United States to settle points in dispute in the Virginia-West Virginia debt case. The court will convene on February 23, when a bill of exceptions will be filed. Representatives of Virginia will at the same time ask the court to set a date for a final hearing, both on the report and the exceptions.

The report of Mr. Littlefield, which was made two weeks ago, after lengthy hearings, is considered a distinct victory for this State, but the contest will be based upon the findings of the special master with reference to the time from which he holds the joint assets of the two States to date. Mr. Littlefield found that the assets should be valued as of January 1, 1861, while counsel for Virginia insist that the valuation should be as of June 20, 1863, when the actual separation took place.

West Virginia likewise feels aggrieved by the report of the special master, who found that the State should pay interest on the debts as of January 1, 1861. West Virginia has all along contended that interest should not accure until after the court had entered a final decree. The interest, it is estimated, will amount to nearly $12,000,000, while the principal, after deducting offsets allowed by Mr. Littlefield, will only amount to $4,855,312.18.

In apportioning the principal debt the Supreme Court adopted the relative resources of the two States as the ratio. On this basis, West Virginia, the special master reported, was liable for 23 1-2 per cent. of the accruing interest since January 1, 1861, while at the same time it was due that proportion of the assets owned by Virginia at that time. The value of these assets had depreciated considerably between January 1, 1861 and June 20, 1863.

The State of Virginia will benefit little financially by the payment of the West Virginia proportion of the debt. The bonds are all held by outside private interests, a large block being owned by English investors. The suit was brought in the name of this State with the understanding that the costs would be borne by the bondholders. The only advantage which can possibly accrue to Virginia, is the strengthening of its credits by having the ante-bellum debt liquidated.

Interesting News Notes About People of Alexandria—Happenings in Society.

The dance recently given for the benefit of the Co-Operative Charities Association, proved quite a financial success, a goodly sum having been handed the treasurer of this organization. The association desires to thank Mrs. Charles Shepperson, and her assistants, for the very tangible evidence of interest in the work of this society.

Henry K. Field, grand junior warden of the Grand Lodge of Masons of Virginia, and the representatives of Alexandria-Washington Lodge, No. 22, and Andrew Jackson Lodge, No. 120, left today for Richmond to attend the meeting of the grand lodge which convenes in Masonic Temple tonight.

WILHELMINA'S SALE LIKELY

Owners Probably Will Dispose of Ship and Cargo to Belgian Commission.

London, Feb. 9—Indications are that the American Commission for Belgian Relief would be successful in its efforts to purchase the American steamship Wilhelmina and the food and cargo she is taking from New York to Hamburg.

The Wilhelmina's owners are said to be willing to sell, but the price has not been agreed upon. The relief commission is badly in need of grain carried by the Wilhelmina, and also needs more ships.

It is believed generally in London the American owners will sell at a reasonable price because of the sympathy in the United States for the Belgian sufferers.

DELIVERS TIRADE

Rev. George Chalmers Richmond Hurls Epithets at Accuser.

Philadelphia, Feb. 9—Following argument before the chancellor of the diocese of Pennsylvania on his demurrer, filed to the charges of violation of his ordination vows and conduct unbecoming a minister, the Rev. George Chalmers Richmond yesterday delivered himself of another tirade against Bishop Rhinelander, in which he characterized the bishop as a "criminal" and a "moral skunk."

At the close of the hearing, at which Mr. Richmond argued his own case, the chancellor announced that he would make known his decision in a few days, and if he sustains the demurrer, the case will end. Otherwise the ecclesiastical trial will begin.

Louis Runk, the church advocate, was the special object of Mr. Richmond's attack. While newspaper men stood around him the accused minister shouted: "Runk, tell the bishop for me he is a moral skunk. You're ashamed of your case Runk and you know it."

LAWYER DISAPPEARS.

Nation-Wide Search Instituted for James W. King, Missing Since January 9.

Washington, Feb. 9.—A nation wide search has been instituted for James W. King, Philadelphia lawyer and well known journalist, who disappeared from the Raleigh Hotel here on January 9. No trace has been found of him since he left the hotel shortly after eating breakfast with his companion, Robert Branna.

King, who was at one time managing editor of a Philadelphia newspaper, came to Washington for his health in January. He was suffering from nervous trouble brought on by worry over the depression of certain investments owing to the European war.

The missing man is described as being 57 seven years old, weighs about 150 pounds, is five feet eight inches tall, and has a mixed gray mustache.

AUTO LINE IN THIS CITY

Enterprise Will Probably Be Inaugurated Next Monday Morning —First in South.

Alexandria is to have a "jitney" automobile line, the first to be established in the south. Arrangements are being made today for the service which will probably be commenced on next Monday morning.

The proposed route is from the corner of King and Royal streets, out King to Washington, out Washington to Wythe, return on Washington street, out King street to the Union station and ending at Cedar street, Rosemont.

An additional service will be operated four times a day between Alexandria and the Theological Seminary, three miles west of Alexandria, in Fairfax county. The first service will be of a preliminary character, and, if successful, additional routes will be added.

The fare will be five cents between any point in Alexandria and Rosemont, and twenty-five cents to the Seminary.

DEATH OF VETERAN.

Member of Army of Northern Virginia Passes Away in Fairfax County.

Lee, and a well known citizen of Fairfax county, died at his home at Franconia, at 9 o'clock this morning. Lee Camp of Confederate Veterans, and is survived by one son, James Bowling, Jr. Arrangements for the funeral have not been made.

FREE FROM CURIOUS WIFE

Doctor Gets Divorce, as Spouse Asks Patients' Secret.

Norristown, Pa., Feb. 9— Because his wife insisted on being present when patients, especially women, came to his office to consult with him, Dr. John K. Hedrick, aged 44 years, of West Telford, testified before a master in divorce that she became piqued when he informed her it couldn't be, and finally when she found she could not have her way, deserted him and the court today granted the doctor a divorce on these grounds.

The couple were married at Dublin Bucks county, in May 1898. Her insistance on knowing what transpired between the doctor and his patients began at once. He tried to tell her that his professional honor forbade him divulging professional secrets; but she had an idea that nothing should be hidden between husband and wife.

He testified that he sold his practice in Quakertown after being established 10 years, and went West with the hope that she would get over her wanting to know ideas; but a repetition occurred when they returned in 1909 and located in West Telford, and she finally left him in August, 1912.

COUNCIL TONIGHT

Police Justice Question May Be Discussed at Meeting.

Both branches of city council will meet tonight when the police justice question, which has caused considerable trouble for the city and state law makers, will be discussed. It is believed that the act which was passed by the general assembly yesterday and which endeavored to straighten out the tangle is unconstitutional. It is expected that a proposition will be received from Dr. A. Luria Ideal Hospital Appliance Co. for the lease of certain lands owned by the city, to be used as a site for a factory.

DIVORCES GRANTED.

Two decrees of divorce were granted in the Corporation Court yesterday. Mary Foertsch Harrison obtained a decree from her husband, Arthur W. Harrison, on the ground of desertion. She was represented by Attorney Leo P. Harlow.

John A. Eggler was divorced from Catherine A. Keenan Eggler, on the same grounds. He was represented by Attorney W. C. Gloth.

JAPANESE CRUISER ASAMA.

Reported That Ship Was Damaged in Battle With German Vessel.

Los Angeles, Feb. 9.—It is reported here, but not confirmed as yet, that the Japanese cruiser Asama, ashore off the coast of Lower California, was in battle with a German warship and that the Japanese vessel was so badly crippled that her commander ran her ashore to prevent her sinking.

The report gained credence when the United States cruisers San Diego and Raleigh returned today from visiting the Asama at Turtle Bay. Crews of both vessels refused to say anything about the Asama, saying that they were warned not to, under penalty of being courtmartialed. It is understood that these instructions come from Washington, and that the State Department's reasons for closing the mouths of the sailors is a fear that to divulge information about the Asama would be an unneutral act.

It is known that Read Admiral Howard has reported to Washington regarding the Asama.

Washington, Feb. 9.—Secretary Daniels has ordered that no information be given out regarding the Asama, on the ground that it would be unneutral to disclose any information which would assist German ships in seeking out and destroying the Japanese vessel. The Navy Department holds that it has no duty to the Asama, except that of extending aid to save life if necessary, and that it would be unneutral for this government to do anything further.

Rear Admiral Howard has reported to the Navy Department that he offered neutral aid to the wrecked cruiser, but that the commander of the Asama had said he was in no need of assistance. Admiral Howard offered only "neutral aid," the Navy Department states.

A second consignment of bonds, stocks, and scrip sent to Geneva from Paris for safe keeping soon after the Germans invaded France was shipped back to the French capital Saturday in a strongly guarded car. The value of the shipment was estimated at between $500,000,000 and $600,000,000.

PUBLICITY MIGHT PREVENT WAR.

In the interests of an international court of peace, John Hays Hammond, Washington, chairman of the world court committee, and Dr. John Wesley Hill, New York, president of the International Peace Forum, addressed the Indiana Legislature at Indianapolis yesterday.

"Publicity is what is needed in international affairs," said Mr. Hammond. "Publicity, we now know, would have prevented the European war. That is evidenced by Germany's admission that the line-up of powers was far different from what she expected."

While the Gazette has never advocated the initiative, referendum or recall, planks in the platforms of some political economists, nor does it believe it would be advisable to refer everything the nation is about to do to a Pretorian Guard, as was the case when the Roman Empire was in a state of decay, the publicity plan suggested above, will appeal to many at this time, after the peace-loving masses of the world have had such a rude awakening.

It is said to be a fact that thousands of Russians who fought the Japanese ten years ago had not the slightest conception of the issues which brought on the conflict. They were ordered to fall in by their superiors and led to slaughter as cattle would have been driven into the shambles. A native of Russia, now a resident of Alexandria, who left the home of his birth, made this declaration recently. And what is true of Russia is doubtless true of other nations now engaged in a fearful clash of arms. It was gravely stated in a dispatch from Europe a few days ago which referred to the likelihood of Portugal entering the war, that the great mass in that country were utterly ignorant of the causes which have precipitated the combat.

For over forty years the chancelleries of Europe have been preparing for hostilities. Several times during these two score years Russia has been ready to spring at Austria, Germany at France,and Italy at Turkey, while the Balkan States have mobolized their armies and made ready for hostilities against each other. Cool heads, however, kept the nations apart by patching up temporary armistices, and while the world was on the brink of this volcano the millions of pacific people planted, builded, married and were given in marriage, totally oblivious to the fact that they were rearing children to be cut down at the threshold of life upon battle fields. In scriptural parlance, they knew not until the flood came and swept sons from the fireside, and husbands from wives into the horrible vortex of war..

The great mass of the people of the world were totally ignorant of the star chamber proceedings which have suddenly brought about this great transition in a peaceful world. Fields have been trodden down, homes demolished, churches desecrated and millions beggared. Had the masses known what was imminent officialdom might have had something more serious to combat than socialism. The murmurings of those destined to suffer most from war would have grown so loud that some means would have been adopted to prevent war.

While literally there are no such things as tin soldiers, the fact that the great mass of human beings now facing each other with glittering bayonets are ready to exclaim, "What is it all about?" verifies the query of Benjamin Disraeli in one of his novels. He asks, "And what are we all but automata in the hands of master wire-pullers?"

BLIZZARD AND CALAMITY.

Hoboken Astrologer Who Foretold Present Snow Predicting Again.

Hoboken, N. J., Feb. 9.—Listen to Professor Meyer, Hoboken's astrologer, who prophesied snow for this week. "On February 13, 15, and 16," he said today, "we will experience the worst cold snap and blizzard in history." But that't not all.

"I find that on the 13th, 15th, 16th or 20th a fire or some severe calamity will occur in the New York subway, or some underground place of employment," he went on ,and he also predicted snowstorms for February 6, 9, 12, 21, 27 and 28.

THE GERMAN ELEMENT IN ALEXANDRIA

(Communicated)

Editor Gazette:

I wish to convey my thanks for the fair courtesy you have shown in granting me space in last Saturday's issue and lest you may have some fears that the letter manifested evidence of the existence of an organized pro-German propaganda, I assure you, that it was written on my own invitation and impulse.

I belong to no society or organization.

The old German element and its descendants, in your midst, hardly require any defense. Their lives and loyalty and love of old Alexandria are known to all. In truth it can be said, that the old German element has become bone of Alexandria's bone and flesh of her flesh. They have shared and do share her joys and sorrows.

To the younger generation, Alexandria has been a good mother deserving all the affection bestowed upon her, by those present and absent.

With equal truth this also applies to the old Irish and British settlers.

SAVES LIFE FEIGNING DEATH

Bride of Few Months Shot Five Times by Young Husband.

Red Bank, N. J., Feb. 9.—Finding that his 19 year old bride of a few months would be left alone in the home of Charles K. Hoppings, of Branch avenue, where she accepted employment after leaving her husband because of cruelty, William Leonard, 22 years old, went to the house yesterday in an effort to effect a reconciliation. When she refused him he forced her down the cellar, where he shot her five times, bullets entering the girl's head, arms and limbs.

Feigning death until the would-be murderer left the house, Mrs. Leonard was able to get out to the yard where James J. Quigley, a neighbor, noticed her covered with blood. When the girl told how she had been shot by her husband, who had fled, she was taken into the Quigley home, a doctor was summoned and Chief of Police Wymbs was notified. While the girl was being taken to the Long Branch Hospital Leonard was caught. His wife will recover.

Virginia Senate Appropriates Ten Thousand Dollars for Purpose.

Richmond, Feb. 9.—Governor Stuart yesterday sent a special message to the Senate urging the appropriation of $10,000 to be devoted to preventing the spread of the foot and mouth disease in Virginia.

The bill to make the appropriation was presented in the Senate yesterday by Senator Watkins.

The Senate at once passed the appropriation measure, and later in the day the House voted concurrence. The money is now available for immediate use.

Fearing the development of the disease, owing to several cases of it having been discovered in a shipment of hogs to a local concern and which were penned near the Union Stock Yards, Governor Stuart has issued a proclamation temporarily closing them. This step, it is hoped, will prevent a spread of the infection. The swine were shipped from Louisville, Ky., and passed through territory infected with the dreaded malady. State Veternarian J. G. Furneyhough yesterday pronounced several of them suffering from the disease, and upon his recommendation the yards were ordered to be closed. The United States Bureau of Animal Industry had previously ordered them penned outside of the yards for inspection.

The yards will be thoroughly cleaned to prevent the spread of the disease, and the infected hogs have been killed. It is expected that the quarantine will be lifted in about a week.

Swear Integrity of State Board of Education is Beyond Reproach.

Richmond, Feb. 9.—Representatives of bonded publishing houses furnishing books ofr use in the public schools of Virginia, testified last night before the legislative committee inquiring into charges that publishers have discriminated against this State in prices charged for books. Witnesses furnished detailed descriptions of contracts under which they are doing business in various States, and were closely questioned regarding methods of distribution of books employed in the various localities.

Each witness swore that the integrity of the State Board of Education is beyond reproach, and all of them asserted that no discriminations have been practiced against Virginia in the matter of prices charged for textbooks.

RISKS LIFE FOR BABY.

Policeman Overcome by Smoke Seeking Infant Who Was With Father.

New York, Feb. 9.—Patrolman John Sheridan was at Madison and Jackson streets when he observed smoke issuing from the top of a five-story tenement.

He turned in an alarm and was about to arouse the tenants when he heard Mrs. Anna Warums, who lives in the fifth floor, scream that her six months old daughter, Yetta, was locked in a room in her apartment.

Sheridan dashed upstairs, forced the door, and groped vainly in the smoke for the child. Patrolman Charles Fries and Frank Broderick, in going through the building, found Sheridan overcome by smoke, and carried him to the street. Then it was learned the baby was not in the building, her father having taken her out.

WHY HE DOES IT

Druggist Leadbeater Gives Reasons for Selling at Half Price

It isn't often that we have faith enough in the medicines put up by other people to be willing to offer to refund the money if it does not cure, said druggist Leadbeater to one of their many customers, but we are glad to sell Dr. Howard's remedy for constipation and dyspepsia on that plan.

The Dr. Howard Company in order to get a quick introductory sale, authorized us to sell the regular fifty cent bottle of their remedy for half price, 25 cents and although we have sold a lot of it, and guaranteed every package not one has been brought back as unsatisfactory.

We are still seling the specific at half-price, although we cannot tell how long we shall be able to do so. Any person who is subject to constipation, sick headache, dizziness, liver trouble, indigestion or a general played out condition, ought to take advantage of this opportunity. If the remedy does not cure them, they can come right back to Leadbeater's store and he will cheerfully refund their money.

CONFEDERATE SURGEONS.

General Hall Calls Upon Medical Officers to be in Richmond for Annual Reunion.

Richmond, Feb. 9.—Allied Confederate organizations will meet here simultaneously with the United Confederate Veterans on June 1, 2 and 3, when the annual reunion will be held. Preparations have already been started for the reception and entertainment of the great host of visitors who will attend the big meeting, which will also mark the fiftieth anniversary of peace.

Among the big organizations that will be represented at the reunion are the United Sons of Confederate Veterans and the United Daughters of the Confederacy. General Bennett H. Yeung, commander of the United Confederate Veterans, has also issued a bulletin stating that Brigadier General Joel C. Hall, M. D., surgeon general U. C. V., has announced that the Association of Army and Navy Surgeons of the Confederacy will meet here at the time of the reunion, while Mrs. W. J. Behan, president of the Confederate Southern Memorial Association, has called the annual meeting of her organization for that time.

Among the features of the reunion will be the dedication of the Confederate Memorial Institute, or Battle Abbey, and in all probability the laying of the cornerstone of the Stonewall Jackson monument. It is also expected that a brass cannon will be unveiled on Monument Avenue, marking the location of Confederate batteries which formed the inner fortification of Richmond.

The will is written entirely in Colonel Cameron's handwriting, and is dated Richmond, December 15, 1904. There are two codicils, one date Richmond, May 17, 1910, and the other Cameron Lodge, Orange County, March 13, 1914.
